## BRONX CHEERS FOR SETH LOW

SPEAKS THERE TO THE GREATER NEW YORK DEMOCRACY.

If Industrious Workers for Their Own Pockets Can Be Cut Off There Will He Plenty of Money for Rapid Transit and chools, Too -Jerome on Rum Traffic.

In this campaign so far there has been no more continuously enthusiastic meeting than that which listened to the fusion candidates last night at Zeltner's Hall Third avenue and 170th street. The meeting was held under the auspices of the Greater New York Democracy. The assembly seemed to enjoy Seth Low's sarcastic reference to Mr. Shepard's assertion to the Tammany folks that the Greater New York Democracy was a paper sham.

Mathew P. Brennan presided at the meeting in the place of J. H. Knoeppel. Mr. peppel sent a letter in which he proved to the estisfaction of the audience that the reason why 87 per cent. of the taxes of New York are imposed by mandatory legislation at Albany is because such legislation is unopposed and often encouraged by the sity's representatives at Albany and the Mayor of the city. He recalled that the only bill involving taxation returned to the legislature by the Mayor was the bill which made the city give adequate payment to its school teachers. And the wicked Legislature, he concluded, passed the bill over noble Mayor's veto.

After Charles V. Fornes, the fusion candidate for President of the Board of Aldermen, had made a few remarks, James L. Wells, the candidate for President of the Borough of The Bronx was introduced. The Bronx always whoops things up for

Mr. Wells reminded his hearers of the revolution of The Bronx in 1891 against Tammany rule which won for the borough all of the public improvements and prog-ress it had made since then. He said:

We are confronted to-day with the same indifference by the party in power, the same inefficiency, the same dishonesty, the same oppression against which we rebelled the oppression against which we rebelled to be cause we believe that he is a man big enough and broad enough to recognize and advocate the needs of all five boroughs.

Otto Kempner got a lot of applause by calling Deputy Commissioner Devery the Vice-Regent of Richard Croker. Vice-Regent of Richard Croker.
Seth Low's arrival was the signal for great outburst of appliause and cheering.

Ir. Low said:

Mr. Low said:

It was stated no later than last night on the platform of Tammany Hall—that sanctuary so devoted to the promulgation and dissemination of accurate statements—that the Greater New York Democracy was altogether a paper organization. You remember how Stannard's Vermont brigade, newly come from home to Gettysburg, was called by the derisive veternas "the paper collar brigade." But when Pickett's division charged in vain ferocity against the fence which the paper collar brigade held, the name applied in derision became a title of honor. The name, "paper Democracy" may, I hope, become a synonym of strength and purity in the history of New York polities.

I want to repeat to you that I stand squarely on the platform on which I was nominated If victory comes to the anti-Tammany fusion forces, we shall have home rule in the letter and the spirit of home trule. It will be home-rule from the City Hall. All the cables in the world may be in working order or out of order, but their condition will not affect the administration of the Mayor's office.

r opponents ask openly for a vote four years. I believe that the instead a vote of condemnation

will receive instead a vote of condemnation so strong that not in our generation shall any one dare repeat the maladministration of the last four years.

One of these features is called Crokerism Now I care no more for Richard Croker personally than I dare say, he cares for me But Crokerism. I think we are all united in condemning. There are two principal phases of Crokerism One is absentee government. The other is government for the governor's pocket all the time. You all remember the competition between Elijah and the Prophets of Baal on Mount Carmel. You remember how Elijah taunted the prophets when Baal did not answer their prayers.

"Speak louder," he said to them "Per-chance your God is asleep Speak louder! "Speak louder," he said to them. "Perchance your God is asleep. Speak louder! He may be off hunting."

But just think of the unhappy possibilities of the modern parallel. Suppose the head of our Government, when in an important emergency here, a cable message was sent to him, should be at the races. Don't you see how inconvenient it would be for the city to wait until the races were over? Don't you see how unfortunate it might be for the city if the races were not going the way our divinity thought they ought to go? The best of us might have his best judgment seriously affected for the worse especially if he were one working for his pocket all the time—if he had a bad day at the races.

Now as to education I believe with my opponent that we ought to have rapid transit, but it seems to me that we can better afford to hang on to straps and stand up in the street cars for a few years more, if need be, than we can afford to have a whole generation of our children go without schooling. Moreover, I am not altogether certain that it will be necessary to stop our other public improvements in order to provide enough schoolohouses. If we can cut off the revenues of the industrious workers for their own pockets who are scattered through the city government, we may have all we need to carry on all the city's work. And any educational plan, let me say, includes the care of the City College and the Normal College. I have all interest in and appreciation of these admirable institutions.

Both Mayor Schieren and myself as Mayors of Brooklyn handled the excise question in a way that was, I believe, satisfactory to the elements of order and decency in the city and so that it was not productive of black-mail.

Mr. Grout was introduced but retired or three words in favor of Justice ome. The usual storm of approval eted the candidate for District Attorney le announced that he was going to confi imself to the excise question. He said:

This is a God-fearing community I think no one in this hall stands for anything but a decent and orderly Sabbath. The present excise law was probably intended to bring about a decent and orderly Sabbath.

belief.

I believe in a change in the laws governing the sale of liquors on Sunday, because I do not believe that the human appetites are governed by the hands of the clock. We can provide easily and rutionally enough for the sanctity of the Sabbath by provident that the saleons shall remain closed. ing that the saloons shall remain do while the great mass of our people are church. Those who demand freedom this manner most strongly are the 6 mans and I do not believe that there is a many desired to the saloon to the saloo

cords more desirons to preserve the sanctity the Sabbath than they Justice Jerome told how he and Theodore Received (whose name was greeted with prolonged cheers) had mistakenly, as he w believes, tried to force a change in the law by enforcing it by a strong hand. The people believed their rights as efficient were infringed, and perjury and trickery were infringed, there they had been unknown be-fore. The salocus went right on, Justice Jerome said that he hoped no one expected to hear him promise to violate his oath of office, because he wouldn't make that promise even if it would elect him. But he would promise to go to Aliany, as in Taramany official had ever done, and appear as the course of 1,000,000 people to demand

the elimination of the assignation hotel feature and the perjury-breeding excessive

Tammany, he insisted, didn't want the law changed because it would relieve the saloonkeepers of money and vote black-mail—would take the saloon out of politics. He said that he had received a letter from one of the great church leaders of the city—not Dr. Parkhurst—though be believed Dr. Parkhurst might agree with him in the main—asking to consult with him on the question. He promised to make the fight unofficially if he failed of

The people followed Justice Jerome very enthusiastically, and he was detained in the hall nearly half an hour after Mr. Brennan adjourned the meeting to hear expressions of approval for his policy.

DEAR SIR. My friend, Robert A. Van Wyck, is a candidate for the office of Supreme Court Judge. He is a man eminently fitted for the office, as you know, and I am greatly interested in his success. I would be extremely obliged to you if you would kindly send to me the names and addresses of a number of your friends who might be induced to interest themselves in him.

I will have a letter addressed to each signed with your name, if you will permit its use in this way. Will you kindly give me the privilege of putting your signature upon these letters and will you also make the same request for me to such of your friends as you think likely to comply? Respectfully yours.

# STILL THEY COME TO LOW.

A Park Department Employee With a Sub scription Among Yesterday's Callers.

Seth Low had a number of callers at fusion headquarters yesterday. Nine members of the J. M. Grady Association, an organization of merchants doing business on Tenth avenue in the Ninth Assembly district, called to say that the association was heartily in favor of Low and would do all in its power to win votes for him between now and election.

Christopher Gerrity, a veteran who served in the Philippines, came in and gave Secretary Clarke \$25 in cash as a contribution for the campaign fund. He said that many former soldiers who served in the Spanish would vote for Mr. Low. Former Alderman Harrington, a life long Democrat, called on Mr. Low and assured

him of his hearty support Another caller was an employee of the Park Department, who brought in \$20 which he said he had collected from other mem-bers of the department, as a subscription to the fusion campaign fund. He said that many of the employees of the Tammany Park Department were sick of the corruption of the present city administration and were going to vote for Low. He declared that there were seven voters in his own family and that they were all going to vote for Low.

Commissioner Page, who is the only Republican member of the board during Michael J. Dady's absence, was ready to proceed with the hearing. President Voorhis and Mr. McGuire of Brooklyn, the Democratic members, were not so anxious to go on. They said that they took their position in view of Mayor they took their position in view of Mayor Van Wyck's letter, ordering the board not to take any advantage of Mr. Dady's absence and asking the Democratic members to do nothing opposed by Mr. Page.

President Voorhis said he thought it wouldn't be the proper thing to have the hearing, and it was decided that the Democratic Commissioners should ask the Mayor.

#### LOW TO MEET GERMAN WORKERS. Reception to the Fusion Candidates To-day Mass Meeting Planned.

Seth Low, Edward M Grout and Charles V. Fornes, the fusion candidates on the city ticket, will attend a reception this afternoon at 5 o'clock, to be given by the Campaign Committee of the German-American Reform Union at its headquarters in Terrace Gar en. There is no programme of speeches. The reception is to give the candidates and the members of the Cam-pain Committee a opportunity to get better acquainted.

better acquainted.

A mass meeting under the auspices of the German-American Union will be held on Thursday evening at Cooper Union. The speakers will be Messrs Low, Grout Fornes and Cantor, Justice Jerome, Dr. Gustav Scholer, candidate for Coroner; Carl Schurz, George von Skal, Edward B. Amend, Charles Lutz, E. J. H. Tamsen, Fritz Guertier and Joseph Winter.

#### COMMITTEE TO SHEPARDS AID. Going to Spread Tammany Literature Perry Belmont, Treasurer.

A meeting of Tammany Hall men in terested in the candidacy of Edward M. Shepard for Mayor was held yesterday in the office of Col. John C. Calhoun, 27 William street. Lewis L. Delafield was elected chairman, Perry Belmont Treas-urer and John Sprunt Hill, Mr. Croker's urer and John Sprunt Hill, Mr. Croker's candidate for Congress in the Fourteenth district hat year, Secretary. The organi-zation adopted the name, "Committee of Independent Democrats to Further the Candidacy of Edward M. Shepard for Mayor of New York City." It will open headquarters uptown and dispense Tam-many literature throughout the campaign.

Depew to Speak at a Wind-tp Meeting

The West Side Republican Club has planned one of the biggest meetings of the campaign to be held in Durland's New Riding Academy in West Sixty-sixth street on Friday evening. Senator Depew has promised to speak, and addresses will be made by Seth Low, E. M. Grout, Jacob A. Cantor, Mr. Fornes and Justice Jerome. The seating capacity of Furiand's New Riding Academy is between 6,000 and 7,539 persons. There will be overflow meetings persons. There will be overflow meetings outside addressed by prominent speakers. There will be two bands, one inside the hall and one outside, and lots of fireworks. Tickets will be furnished by Mr. Charles

## BACKS JEROME'S STRICTURES.

J. HARSEN RHOADES SAYS GRAND JURIES ARE MANIPULATED.

Any Intelligent Man Who Has Served on Them Knows It -Recalls an Experience of His Own-Criminal Court Judge

Will Not Act Until After Election. The Judges of General Sessions held a short conference yesterday morning and then Judge McMahon announced to Foreman Cuddihy of the Grand Jury that there was nothing to be suggested to the Grand Jurors concerning Justice Jerome's strictures on the Grand Jury system. That body, however, doesn't need a Judge's authorization to take what procedure it sees fit. Judge McMahon said that the Judges had decided to leave the matter in abeyance until after election. A reporter told this to Justice Jerome in such way that it was made to appear that proceedings would be instituted then.

It would be worth a thousand dollars to have such a covert threat hanging over my head during this campaign," said the

President John Harsen Rhoades of the Greenwich Savings Bank had this to say about the Justice's much-discussed remarks

"If there is any one who has an idea that Mr. Jerome's references in his speech of Wednesday night to my name having been drawn for the Grand Jury list and another one substituted were anything but illustrative I think he is mistaken. He may have referred, however, to the fact that a number of years ago I was fore-man of a Grand Jury which found a strong presentment against the Sheriff's office, then under John B. Sexton. For some unexplained reason I was not drawn on another Grand Jury for several years, although up to that time I had been drawn at least once a year. Attention was called to these facts in the campaign of 1897, and very soon afterward my name was drawn. Since then I have served about once a year

as formerly.

"Any intelligent man who has served on Grand Juries knows that they are manipulated and that in some manner the secrets of the Grand Jury room are betrayed to the powers that be. I have been morally certain that some of my colleagues on the Grand Jury were conveying information to politicians and other men affected by the evidence before us. I have felt that I could put my hand upon these men, although I couldn't prove legally that my suspicions were justified. When told of Mr. Rhoades's reference to

the Sexton matter Justice Jerome said, "I was cognizant of it." The Justice's criticism continued to be engressing subject of comment vester-in the Criminal Courts Building, where re is a fair representation of Republiday in the Criminal Courts Building, who there is a fair representation of Reput cans among the Tammany officeholders "Do you uphold Justice Jerome's state-ment that the Grand Jury system is cor-rupt?" an Assistant District Attorney was asked by several reporters. "I don't care much if you do; that is, I wouldn't if I were not certain that the chief [Mr. Philbin] would forbid me to allow it to be used. Of course any man would be a fool who would say that all Judges were corrupt or that all Tammany men on Grand Juries are not willing to do their duty. In a joint letter giving their reasons for acting as they do, the three candidates say

"We do not agree with some of our follow Democrats who now say that since Tammany Hall has seen fit to nominate as a candidate for Mayor a gentleman heretofore of known respectability, we should vote for him because he is a Democrat, although he is the representative of Tammany Hall and all that that implies On the conand all that that implies. On the con-trary, we believe that the best endeavors should be made to defeat that candidate, not alone because he represents the Tam-many Hall organization, but because by accepting the nomination he has created a condition in party politics that is harm-ful in the extreme and a detriment to fura condition in party pointes that is narm-ful in the extreme and a detriment to fur-ther progress in the direction of pure poli-tics. # REGISTRATION ENDS AT 10 P. M. BRYANITES OPPOSE SHEPARD.

McCullagh Hears of Threats to Force pectors to Disobey the Law. Supt. McCullagh was informed yesterday

that the impression had got abroad that the election inspectors were obliged to register persons after 10 o'clock this evening, provided that the persons were in the regis-tration places before that hour. Supt. McCullagh takes the view that unless man has actually begun the operation registering, the time for registration ends promptly at 10 o'clock The superintendlearned late in the efternoon that in the Second election district of the Sixth Assembly district threats had been made the inspectors would be compelled to reg ster all those in the registration place at 10 o'clock, even if it took all night to do it

In view of these threats Supt McCulla scided last night to ask Police Comm Murphy to issue instructions to his calling attention to that section of tion "shall begin at 7 o'clock in the noon and continue until 10 o'clock evening." #### LOW, MORRIS, TEN EYCK. Conference at Fusion Headquarters on the Registration.

Seth Low had a conference with Chairman Morris of the Republican County Committee and Chairman Ten Eyck of the Executive ommittee of the County Committee at fusion headquarters yesterday. Most of the talk was on the registration, and plans for getting out every voter to-day were discussed. At the close of the conference Mr Morris said:

Mr Morris said:
"We discussed registration and while we agreed that it has been light to-day, we feel that we ought not to complain because the returns we have, show that what gains are ing made are decidedly in our favor e are very much pleased with the outlook With the two days of heavy registration that we have in our favor we feel that we can afford one light day. The general situation is satisfactory and promising.

The Republican organization is doing all in its power to get out the registration. and all I can say is that every citizen who and all I can say is that every cluster wise entitle to register and vote, and who desires an honest city government that includes civic virtue and home rule, and has not registered should get his name on the rolls without further delay. Mr. Morris and Mr. Ten Eyek both laughed at the story that Congressman Sulzer has spread around to the effect that Postmaster Van Cott had been holding up Tammany campaign literature sent through the mails. They refused to comment on it

I have filed, or rather the Greater New York Democracy has filed, nominating certificates with the names of 26,000 voters on them. In five Assembly districts we have no nominees, or the total number of names on our certificates would reach

Tammany's advertised big meeting was a failure last night. Their advertised processions did not pan out. The parades were little insignificant affairs. Only 200 were in the line that came up from the Sixth Assembly district.

"Next Monday night, when the Greater New York Democracy has its meeting in Cooper Union, there will be a parade in every district, and all who are within marching distance of the hall will go to the meeting in this way. We have been unable to get enough hands. My answer to Mr. Shepard will come at that meeting."

### WOMEN CHEER MR. MURPHY. And a Big Jersey City Mass Meeting Whoops

It Up for Republican Candidates. An enthusiastic Republican mass meeting was held iast night at Elks' Hall, York and Henderson streets, Jersey City The hall was crowded and many women joined in the cheering which greeted Franklin Murphy, candidate for Governor, Congressman Charles N. Fowler said that a big majority for Murphy meant an indorsement of the policies of President McKin-ly and a continuance of prosperity in the State. Congressman Richard Wayne Parker spoke in a similar strain. Mr. Murphy said that the interest shown in this campaign has never been equalled, except in a Presidential campaign. He was convinced, he said, that it means Republican success and the upholding of the national

After United States Senator John Kean had made a short address, Mr. Murphy rose again and said. "A c arge has been made against me by a paper published in Hoboken (laughter) that I once said that my only regret in life was that I was born in Hudson county I want to say most positively that the charge is absolutely without foundation.

FORMALLY AGREE TO SUPPORT FUSION DEMOCRATS.

Bryan League Meets in the Aster House and Boldly Repudiates Croker's Can-didate—A Republican Mayor Better

The Executive Committee of the Bryan Democratic League of New York city met last evening at the Astor House, with A. C. McNulty presiding, and after a long discussion it was decided that the league would not support the Tammany ticket in the municipal campaign. Members of the league, according to the resolutions, will support the Democrate nominated for office by the fusion forces.

It was announced after the meeting that William Jennings Bryan of Lincoln, Neb., the candidate of the league for President, yesterday, to-day and to-morrow, Congressman Richardson of Tennessee, chairman of the Democratic Congressional Campaign Committee, Senator James K. Jones of Arkansas, chairman of the Democratic National Committee, and ex-Gov William J. Stone of Missouri, the vice mittee, had written letters, in which they declared that any attempt to elect any candidate for office who was not known to be absolutely a sixteen-to-one man from the ground floor up would be disoountenanced.

The members of the league declare that

they believe Mr. Shepard is not a Bryanite. They say that they think he and Mr. Croker have had a little in which they have agreed to use all of the power and patronage of the New York city administration to bring about the election of an anti-Bryan delegation to the next National Convention. The league does not intend to permit this scheme to be put through if they can help it. As Bryanites they can hardly support Republican candidates for office, although they make no bones in saying that they believe it would be better for the Nebraska statesman to have a Republican elected Mayor of New York than an unfriendly Democrat.

Under the resolutions adopted last evenin which they have agreed to use all of the

Under the resolutions adopted last even-ing the members of the league will be able to support actively Mr. Grout, candidate for Comptroller; Mr. Fornes, candidate for President of the Board of Aldermen; Mr. Cantor, candidate for President of the borough of Manhattan; Justice Jerome, the candidate for District Attorney, a several others of the candidates ticket. The league will open headquarters and prosecute a vigorous campaign.

#### DROPS TAMMANY AFTER 51 YEARS One White-Haired Voter Who Finds the Wigwam Too Much for Him This Fall.

An incident tending to show the trend of public opinion in this election occurred n the Eleventh election district of the Thirty-first Assembly district on the first registration day. Among the first to register in that district was a man who in spite of the snowy whiteness of his hair and beard seemed to be as vigorous, mentally and physically, as any middle-aged man. His dress indicated the man of means. In reply to the usual questions by the chairman of the Board of Registration he said that he was 78 years old and had lived all his life in this city, and in the house

h he was born How long have you been a voter?" the "For fifty-one years." answered the old man with evident pride "And my first vote went to Tammany Last year I voted for Tammany also. I have never neglected an election during these fifty-one years, and I have never yet voted for any other ticket than Tammany's. But now longer. This year, for the first time in my life, I shall vote against Tammany and for Seth Low."

#### WOMEN'S WORK FOR LOW. Canvass for Votes to Be Made in the Nineteenth Ward of Brooklyn.

A Woman's Republican League has been started in the Nineteenth ward section of Brooklyn and under the direction of the organization, a canvass for votes in the interest of Seth Low will be made. The League has established itself in the Congress at 586 Bedford avenue and from these headquarters the women will carry on their work Mrs. Bostwick was at the clubbouse vesterday and she told inquirers that meetings would be held every afternoon between 2 and 5 o'clock. Literature will be distributed. The first meeting of the Woman's Republican League of Brooklyn, of which Mrs. Bostwick is also the President will probably be held on Oct.

Varick Boswell, the President of the
Woman's State Republican Association
will speak on "Women in Political Work."

SHEPARD THE WEATHERCOCK. His Changes Have Startled Even His Supporter, the "Brooklyn Citizen."

"There is nothing in Mr. Shepard's record, past or present," says the Brooklyn Citizen of Oct. 4, "that warrants the charge of inconsistency that narrow-minded par tisans and fake independents now bring against him." It would seem from earlier issues of the same paper, however, that the one thing in which Mr Shepard shows

consistency is his inconsistency. On Oct. 11, 1895, after Mr. Shepard and his friends had broken off harmony negotiations with the regular Democrats and Mr Shepard had decided to run as an independent against Mr. Grout, the regular nominee, the Citizen had this to say about the present Tammany candidate's con-

To say that men who were actuated by those motives are amazed at the course which Mr Shepard and a few of his more confidential advisers have pursued in opposing the candidacy of Mr Grout, is to describe their feelings with an extremely mild term. They are shocked at his inconsistency. They are alive to the fact that every principle of his organization and every past declara-They are alive to the fact that every principle of his organization and every past declara-tion of his own required him, without a mo-ment's hesitation, to not only agree with the regulars in placing Mr Grout in the field, but to lead in the work of bringing the in-dependent vote of the city to his spapert. In its issue of Oct. 12 the Citizen calls attention to Mr. Shepard's consistent in-

consistenciess in this wise:

To this we may add that the flings at the regulars as men of whoughby street and bosses come with an extensity bad race from a gentleman who had allowed two intimates like Patterson and Pashody to Mayoralty nonmation for him from things are rathered and readout to seek a Mayoralty nonmation for him from their hands. These rapid changes of front are not new in politics, but that they have ever been thought quite compatible with the character of a man of honor does ot anywhere appear in literature In comparing Edward M. Grout,

Democratic candidate for Mayor of Brook-lyn, now fusion candidate for Comptroller, with Mr. Shepard, the Cilizen on Oct. 14, 1895, took occasion to point out another apparent inconsistency in the ways of the latter. It said: Mr. Grout is second to no man that could have been named in point of distinction in the ranks of honest as distinguished from sham reform. As illustrative of this, the

sham reform. As illustrated circumstance is worthy of though he pulled the chief cution of the men guilty of cution of the men guilty of the C frauds and athough upon him the heavy work of preparing the the heavy work of preparing the cases, he charged the city not one cent for his labor, while Mr. Shepard did not allow his devotion to the cause of the common good to prevent him from charging and collecting 20,000. In other words while it might be alleged with some show of reason, that Mr. Shepard was not wholly unselfish in his proceedings, it is evident that no such allegation could for a moment lie against Mr. Grout. This, indeed, is one the odd and somewhat amusing features of the campaign, the man who served the people freely is not enough of a reformer to satisfy the man who charged the public \$20,000 for his

Gould Issues an Appeal for Funds. During the past week the Citizens' 'Union has collected something like \$25,000 toward its campaign fund, but this is only a quarter of what is needed run the campaign as the leaders think it should be run. Dr. E. R. L. Gould thinks that all citizens interested in putting a stop to Crokerism and Deveryism in the city government, should subscribe something to the campaign fund and no matter how small a check or cash contribusion is, it will be thankfully received. Dr. Gould, who is the Treasurer of the Citizens' Union, gave out a statement yesterday saving

The Citizens' Union is particularly solicitous for the success of the city and county tickets, as well as the tickets of Manhattan and The Bronx. Tammany is making stremous electric to elect its candidates for President of the borough and District Attarney, as well as a majority of the Aldermen. If Mr. Low is elected, and the prospects for his success are improving every day, it is certain that the success of his administration would be seriously isopardized, were the present Tammany nominees on the county ticket to be elected to office. The borough of Manhattan is the real barticfield in this election, and if Mr. Croket succeeds in defeating a united and harmonisms fusion movement here, the citizens must look forward to an indefinite rule of Tammany Hall. In order to protect the fusion ticket and insure the ultimate success of the county and borough tickets, it is necessary that the \$75,000 needed be subscribed at once. # TAMMANY WAIL ABOUT MAIL

Wigwam Discovers a Post Office Plot -Solzer Set to Investigate Van Cott. The Hon. William Sulzer, who has had a great deal of difficulty in getting into the local campaign this fall, discovered a way yesterday in which he could get his name into the hands of the Tammany press agen Tammany has got all the money that it can possibly use this year, and one of the

things it is doing is to send out vast quanti ties of literature through the mails Yesterday the Tammany men decide that it was time to make a holler atthe malls, and so they announced wit great gravity that the literature whi they were sending out was being destroy in the Post Office. The leaders of Tar many would have people believe the "there seems to be a concerted moveme all along the Republican lines to use machinery of the United States Post off to prevent Tammany from reaching voters through the medium of the ma and it was announced that the Tammac Executive Committee had appointed sub-committee to investigate the matter

The Tammany press agent also announ that the investigation of the Post Office by a branch of the Treasury Department would be "with a view of having Postmaster Van Cott impeached."
